KINSHUK

Software Developer (FRONTEND)

📞 7986221055 @ kinshuk.mehraji@gmail.com 📍 Pathankot

SUMMARY

I am a Frontend Developer with over 3 years of experience in building responsive, user-friendly applications using ReactJS, TypeScript, and modern UI frameworks. I specialize in integrating blockchain features and Web3 technologies to deliver secure, decentralized solutions. I excel in collaborating with cross-functional teams to transform complex requirements into intuitive, high-performance interfaces

EXPERIENCE

Frontend Developer

Antier Solutions Pvt Ltd

📅 01/2023 - 12/2023   📍 Mohali

Crypto Exchange

- Implemented secure API integrations for real-time cryptocurrency price tracking, market charts, and transaction processing
- Developed responsive, reusable UI components in React.js and Next.js, ensuring seamless cross-device compatibility
- Integrated WebSocket for live market updates, order book tracking, and trade execution status
- Collaborated with backend teams to design and consume RESTful and WebSocket APIs efficiently

Frontend Developer

Antier Solutions Pvt Ltd

📅 12/2024 - 01/2024   📍 Mohali

Golar Token

- Developed a Next.js-based web application enabling users to purchase gold using the Golar Token (GT) cryptocurrency
- Designed and implemented secure wallet integration (MetaMask, Trust Wallet, Binance Wallet) for seamless user transactions
- Built responsive, reusable UI components for token purchase flows, transaction history, and user dashboards

Frontend Developer

Antier Solutions Pvt Ltd

📅 01/2025 - 08/2025   📍 Mohali

Libertum (Asset Tokenization)

- Implemented secure API integrations for real-time asset data visualization and token details
- Developed responsive, reusable UI components in React.js for dashboards, asset listings, and transaction flows
- Integrated WebSocket to provide live updates for asset values, transactions, and blockchain events
- Collaborated closely with blockchain engineers to integrate smart contract interactions for asset tokenization
- Implemented wallet connectivity features (MetaMask, Trust Wallet, Binance Wallet) for secure user onboarding and transactions

EDUCATION

10th (ICSE Board) 79.8%

Christ The King Convent School

📅 01/2016 - 12/2016   📍 Pathankot

12th (ICSE Board) 77.25%

Christ The King Convent School

📅 01/2018 - 12/2018   📍 Pathankot

B.Tech CSE (8.76 CGPA)

Chitkara University

📅 01/2018 - 07/2022   📍 Baddi

SKILLS

Blockchain	Bootstrap	Docker
ES6	Ethers.js	Git	GitHub
GitLab	HTML	JavaScript
Next.js	React	Redux	REST
SASS	SCSS	SmartContract
TypeScript	Web3.js	WebSockets
Redux Toolkit	Node.js	Gmail
ES6+
